

# Emma Chamberlain Launches New Coffee Blend

## Chamberlain Coffee's New Launch Leaves Fans Addicted!

Emma Chamberlain is a social media influencer who has gained a large following on Youtube. As an attempt to increase her name and brand, she created a coffee line called "**Chamberlain Coffee**". This has fans raging! She began her coffee journey by selling her products online and did not open shop. Due to the success and support of her fans, Emma was able to open a pop up shop last weekend in Los Angeles to promote the launch of her new coffee bags.

The Chamberlain Coffee pop up shop was a huge success for Emma and her new brand. Fans were raving about it all over Tiktok and Instagram. Popular food critic LAFoodguy claimed "Chamberlain coffee is the coffee of the century. If you haven't tried it, you are missing out!". Along with more positive comment like this, Emma herself has expressed her gratitude towards her supporters and to the success of her brand. Emma was sad to see that the weekend was over for her pop up shop, but she hinted towards another possible pop up shop in New York.

During Chamberlain Coffee pop up, there was also the announcement and availability of her new coffee blend, the *Fancy Mouse Espresso Blend*. Fans were loving this new blend and this brought even more attention to her brand. She received amazing reviews and were constantly being referred to as the Best Coffee in LA. With this additional success, things are looking good for the 20 year old and she is excited to launch more.
